

Brand New Paradise

Lyrics by Kata Kozma © 2017

Verse

Exes in the middle of the night
Texting, phones blinking all the time
Boys boys boys boys
They used to break my heart.
But baby you are
Different, there's something bout the way
You whisper words they couldn't say, like
"Love love love love"
And it gets better everyday!

Pre Chorus

No more cover-ups and lies babe, no more tears, no more sacrifice (no more),
Empty words to analyze, babe no more fears, only butterflies
Cuz you're a...

Chorus

Brand new paradise
Yeah with you it's like
Gold champagne on ice.
(We're feeling like a)
Brand new paradise
Yeah with you it's like
Gold champagne on ice.
This brand new paradise. (BNP)

Verse

He holds me in the morning light
Knows me...this never felt so right!
And I know know know know,
He'd never break my heart.
(BNP)

Pre Chorus

No more cover-ups and lies babe, no more tears, no more sacrifice (no more),
Empty words to analyze, babe no more fears, only butterflies
Cuz you're a...

Chorus

Brand new paradise
Yeah with you it's like
Gold champagne on ice.
(We're feeling like a)
Brand new paradise
Yeah with you it's like
Gold champagne on ice.
This brand new paradise. (BNP)
