Performed at the 2016 Eurovision Song Contest finals

Verse

A boy is ashamed
Of who he kissed today
Cuz someone made him feel that way.
She said:
“If you loved God,
You know you wouldn’t be that way.

A woman in black
Is being attacked
For what she’s wearing on her head.
“Go back where you came from” - he said.

Pre chorus

What kind of world are we living?
Open up your eyes turn around
And do something for her for him now.

Chorus

If you see it, roar!
Show your strength now, it’s a war!
Show her she is not alone
Together we are strong.
If you see it, roar!
Show your strength now, it’s a war!
Tell him he is not alone
Together we are strong.
Together we are strong.

Verse

A student in class
Raises her hand
She has a different point of view.
“Sit back down and follow the rules.”

Pre chorus

What kind of world are we living?
Open up your eyes turn around
And do something for her for him now.

Chorus

If you see it, roar!

Show your strength now, it's a war!
Show her she is not alone
Together we are strong.
If you see it, roar!
Show your strength now, it's a war!
Tell him he is not alone
Together we are strong.
Together we are strong!

Bridge

Stop the hate
And stop the fight
Spread the love
And spread the light.
End it here
And end it now!
Do it for those
Still alive!

Chorus

If you see it, roar!
Show your strength now, it's a war!
Show her she is not alone
Together we are strong.
If you see it, roar!
Show your strength now, it's a war!
Tell him he is not alone
Together we are strong.
Together we are strong!
If you hear it, shout!
Lift your voice up in the crowd
Tell him "Stand up and be proud!"
Together you are loud.
Together you are loud.
If you see it, roar!
Show your strength now, it's a war!
Show her she is not alone
Together we are strong.
If you see it, roar!
Show your strength now, it's a war!

Together we are strong.
