

Deep End

2015 © Music and Lyrics by Linda Kiraly, Kata Kozma & Viktor Kiraly

Verse

Go down to the water - you won't find me there.
Walk down to the harbor, no you won't see me there.
Run down to the river - you won't meet me there
Cuz i'm long long long long gone.
Race me to the border - you won't catch me there
Hunt me in the forest - you won't have me there
Chase me to the fire - you won't hold me there
Cuz i'm long long long long gone.

Pre chorus

Dive in low, real low!

Chorus

You'll find me in the deep end, oh
You'll find me in the deep end, oh
You'll find me in the deep end, oh
You'll find me in the deep end deep end deep end.
You'll find me in the deep end, oh
You'll find me in the deep end, oh
You'll find me in the deep end, oh
You'll find me in the deep end deep end deep end.
You'll find me there.

Verse

You said "Meet me at the the crossroads" but i didn't see you there.
You'd walk me through the shadows but i couldn't feel your hand
You saw me in the sunrise but you couldn't reach me there
Cuz i was long long long long gone.
You looked into my eyes but you didn't see me there,
You held on to me tight but couldn't feel me there
You said "Tell me you love me" but couldn't hear me there
Cuz i was long long long long gone.
