Verse

Super layers perfect lie
s Flawless charm, highest price.
Show yourself bare your teeth
Manifest what's underneath.

Pre Chorus

Can you save me?
Can you break free? oh

Chorus

Let me inside your mind I'll let you play with mine
Our secrets will align.

Verse

Purple sunset silver lining in the dark
Our lives link we're not strangers; emerald hearts.
We're between stainless stars and planets
Cosmic Glory, golden Sun: we are one.

Pre Chorus

Can you save me?
Can you break free? oh

Chorus

Let me inside your mind I'll let you play with mine
Our secrets will align.
