

## **This Love (Is Through)**

© 2017 Lyrics by Kata Kozma

### **Verse**

I'm so damn careful with my words  
Because I'm scared I'm gonna hurt ya.  
You break so easy and I know  
If I was honest we'd be ova.

### **Pre Chorus**

Something inside me wants to scream and break free  
I wanna tell you what i want without you freaking out on me.

### **Chorus**

So will say it now  
And I'll say it loud,  
This love is through this love is through  
You hear me sayin' it now  
Cuz ima say it now  
This love is through this love is through  
So ima say it now  
yeah i will say it loud  
This love is through this love is through  
You hear me sayin' it now  
Cuz ima say it now  
This love is through this love is through

### **Verse**

i'm at the station where you told me  
That you'd love me if I changed my ways  
I'm walking through the streets we used to  
Hold each other then we'd fight for days.

### **Pre Chorus**

Something inside me wants to scream and break free  
i wanna tell you what i want without you freaking out on me.

### **Chorus**

So will say it now  
And I'll say it loud,  
This love is through this love is through

You hear me sayin' it now  
Cuz ima say it now  
This love is through this love is through  
So ima say it now  
yeah i will say it loud  
This love is through this love is through  
You hear me sayin' it now  
Cuz ima say it now  
This love is through this love is through
