Verse

Drifting arrows wild elusive
Distant shadows swiftly moving.
Palpitation dancing real time,
3-dimensional floating enzymes.
Turn it up and feel the high
Mesmerizing alibis...
You make it make it real baby.

Chorus

Sweet Lullaby, come and creep inside my mind
Bring to me melodies i can't find.
Sweet Lullaby come and make me feel alive
Set me free bring me paradise.
I'm on an override i'm on a higher ground
I'm on a different vibe, i'm having dreams by-y.
I'm on an override i'm on a higher ground
I'm on a different vibe, i'm having dreams by-y.

Verse

Buildings pacing side by side
Wandering in the white
Marble flowers blooming proud
Living through the hour.

Chorus

Sweet Lullaby, come and creep inside my mind
Bring to me melodies i can't find.
Sweet Lullaby come and make me feel alive
Set me free bring me paradise.
I'm on an override i'm on a higher ground
I'm on a different vibe, i'm having dreams by-y.
I'm on an override i'm on a higher ground
I'm on a different vibe, i'm having dreams by-y.
