## **Verse**

There's a force inside of you  
So strong and alive  
It takes you to the edge  
Headfirst you dive!  
When your body hits the surface  
You feel electrified  
A sense of freedom in your soul  
You're ready for the ride!

## **Pre Chorus**

And you are not alone  
A million people watching  
Keep going, keep going!  
Nothing can stop you now!  
(Nothing can stop you now!)

## **Chorus**

We are the water!  
We rise high!  
Together we are stronger  
And the limit is the sky!  
We are the water!  
We rise high!  
Together we are stronger  
And the limit is the sky!

## **Verse**

You swim against the flow  
As the Danube comes to life  
Your heartbeat starts to race  
The whole world's on your side!  
14 bridges lighting up  
For you here tonight, oh,  
Budapest is cheering  
"You're ready for the fight!"

### **Pre Chorus**

And you are not alone  
A million people watching  
Keep going, keep going!  
Nothing can stop you now!  
(Nothing can stop you now!)

### **Chorus**

We are the water!  
We rise high!  
Together we are stronger  
And the limit is the sky!  
We are the water!  
We rise high!  
Together we are stronger  
And the limit is the sky!

### **Bridge**

When you feel like giving up  
I'll be there to lift you up

### **Chorus**

We are the water!  
We rise high!  
Together we are stronger  
And the limit is the sky!  
We are the water!  
We rise high!  
Together we are stronger  
And the limit is the sky!  
We are the water!  
We rise high!  
Together we are stronger  
And the limit is the sky!  
We are the water!
